**DETAILED ACTION**

**Election/Restrictions**

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
  - I. Claims 1-20 and 27-30, drawn to an industrial controller system and a method for providing an industrial controller with functionality, classified in class 700, subclass 19.
  - II. Claims 21-26, drawn to an editor for developing programs for controlling the operation of an industrial controller system, classified in class 700, subclass 87.
  - III. Claims 31-38, drawn to a method for executing an industrial control program utilizing a file system residing on the industrial controller, classified in class 700, subclass 86.
  - IV. Claims 39-41, drawn to a system having a plurality of controllers, classified in class 700, subclass 20.
2. The inventions are distinct, each from the other because of the following reasons:

Inventions I, II, III and IV are unrelated: Inventions are unrelated if it can be shown that they are not disclosed as capable of use together and they have different modes of operation, different functions, or different effects (MPEP § 806.04, MPEP § 808.01). In the instant case the different inventions Claims 1-20

and 27-30, drawn to an industrial controller system and a method for providing an industrial controller with functionality, classified in class 700, subclass 19. Claims 21-26, drawn to an editor for developing programs for controlling the operation of an industrial controller system, classified in class 700, subclass 87. Claims 31-38, drawn to a method for executing an industrial control program utilizing a file system residing on the industrial controller, classified in class 700, subclass 86. Claims 39-41, drawn to a system having a plurality of controllers, classified in class 700, subclass 20.

3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

4. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art because of their recognized divergent subject matter, restriction for examination purposes as indicated is proper.

5. A telephone call was made to Mr. Amin, Himanshu S. on 11/5/2003 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

6. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
